Professional Summary:

I am a passionate and professional Web Developer with strong expertise in front-end and back-end development. I specialize in building modern, responsive, and high-performance websites. I have experience in creating E-Commerce, Blog, and Portfolio websites with clean design and efficient functionality.

Technical Skills:

- HTML, CSS, JavaScript
- React.js
- Node.js
- SQL (Database Management)
- Responsive Web Design
- Frontend & Backend Development

Services:

- E-Commerce Website Development
- Blog Website Development
- Portfolio Website Development
- Full Stack Web Applications
- Website Optimization & Maintenance

Experience:

Worked as a freelance web developer delivering multiple client projects including business websites, personal portfolios, and online stores.

Projects:

- Developed responsive E-Commerce platforms with secure payment integration.
- Built modern portfolio websites for personal branding.
- Created blog websites with dynamic content management.

I am always eager to learn new technologies and deliver high-quality work to clients.
